OBJECTIVE

Self-motivated Data Analyst with an economic background and expertise in MySQL and Tableau. Strong communication and analytical skills, adept at multitasking and comfortable working both independently and in groups. Passionate about new technologies, with experience in HTML and CSS. Seeking a challenging position that will allow me to leverage my data analysis and software development expertise.

SKILLS

SQL, Tableau, MS Office, HTML,
CSS, Git, GitHub

EXPERIENCE

RUSSIAN SCHOOL OF MATHEMATICS

June 2020 - current

Math teacher, Mentor, Math Olympiads Coordinator

- Developed and maintained an informational database with data from students who participated in math Olympiads, using PivotTable and PowerPoint
- Analyzed data to identify trends and patterns in student performance, created SQL queries to generate reports about student performance, collaborated with team members to develop new reporting tools.
- Visualized the students' progress and achievements using charts and graphs in Tableau.
- Mentored and trained over 20 new teachers in various subjects and grade levels to ensure they were prepared to work successfully as an educator in a diverse and challenging environment.
- Designed and presented individual and group professional development sessions for teaching staff on topics such as growth mindset, classroom management, curriculum design, and assessment strategies.

ODESSA NATIONAL ACADEMY OF FOOD TECHNOLOGY

June 2010 – April 2013

- Prepared individual lesson plans with extra practice materials to encourage students to go beyond the set curriculum.
- Evaluated student progress and supported recommendations for further student development.
- Maintained a friendly and professional relationship with students and their families. Responsible for the preparation and delivery of lectures and seminars.

EDUCATION

ODESSA NATIONAL ACADEMY OF FOOD TECHNOLOGY

University

Master's degree in Accounting and Auditing / June 2010
